LONDON WC1N
U.K.

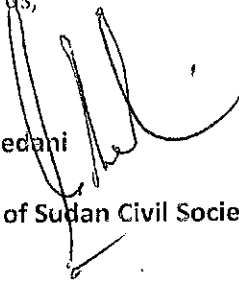

Dear Ms. Brimelow,

Now that the Minister of Justice has exercised his lawful authority declaring the case against me as nulle prosecui, thereby terminating the trial and my detention after more than 4 months, I thought it my duty to write to you expressing my gratitude and appreciation for your strong stand in the case. Without such support from you and other regional and international support and pressure, such result would not have been possible. So please accept and pass to all members of BHRC my and family's and colleagues appreciation for your kind efforts.

P.S. As I am often in the U.K. I hope to have the opportunity to express my gratitude personally in the near future.

With best regards,

Dr. Amin M. Medani
